**Please note: The day by day descriptions are intended as an indicative guide only. Travel by nature is unpredictable. Weather patterns, river levels, road conditions, public holidays, travel restrictions and many other factors may necessitate itinerary changes that are ultimately for the client's benefit. It is essential that clients are flexible in this regard.**

### **Know before you book - high & low water risks**

European river cruising is a relaxing and convenient way to experience Europe while enjoying the comfort of a deluxe ship. However, before making the decision to book your holiday, please be aware of potential conditions which may impact your cruise. While most of the time river cruises operate exactly as planned, weather conditions may result in high or low water levels which impact a ship's itinerary and, on occasion, render a ship unable to sail at all. On rare occasions, other events such as heavy fog, a damaged lock, or an incapacitated vessel blocking the river, may impact a sailing. These events typically occur with little or no notice. In the event that a cruise is partially or completely impacted, the itinerary will be operated by deluxe motor coach, accompanied by a Tour Manager, with overnights in hotels. When the option exists, the operator will "swap ships" with another vessel sailing in the opposite direction, retaining the sailing experience. Crew, ship and cabin configuration may differ. The itinerary will include as many of the originally scheduled sightseeing features as possible, considering the travel time and distances required, as well as meals. Whilst it is not possible to recreate the more leisurely comforts of sailings, we will endeavor to provide a comparable itinerary. These alternative services will be provided at no additional charge.
